Procedure for Use of Mark

Mark USE:

After a positive certification decision, it is possible to use the INTERNATIONAL BUSINESS CERTIFICATION's mark on letterheads, sales and marketing materials, website, etc. Attached to this procedure is a sample of the mark, and this is the only way it can be used where it is permitted, but NEVER ON THE FINAL PRODUCT / LABORATORY CERTIFICATE / CALIBRATION CERTIFICATE/ INSPECTION REPORT/ TRAINING CERTIFICATE.

Rules for use of the mark are as follows and must be strictly adhered to:

When INTERNATIONAL BUSINESS CERTIFICATION's mark is used, the mark must contain the standard for which the organization is certified and shall specify the number of certificates (i.e., the number that appears on the assigned certificate).

- Mark must not be altered in any way, and should only be used on materials containing business addresses (es) in which the audit took place. It must not be in any way implied or otherwise indicated that the location (s), except those audited, are covered by a certificate.
- Mark of INTERNATIONAL BUSINESS CERTIFICATION may appear on the certificate or may be used in it, only if INTERNATIONAL BUSINESS CERTIFICATION confirms the certification for your scope of certification.
- Mark of INTERNATIONAL BUSINESS CERTIFICATION should not appear on products or be used in any way that would imply that the product is certified.
- Mark of INTERNATIONAL BUSINESS CERTIFICATION can be used (with or without any accreditation mark) on stationery such as sales and contractual documents, letterheads, business cards, invoices, compliment slips, delivery slips, on advertising, displays, posters, TV advertisements, promotional videos, websites, and brochures.
- Mark of INTERNATIONAL BUSINESS CERTIFICATION alone can be used (the Accreditation Mark shall not be used) on all other applications, such as on flags, on vehicles, on promotional material accompanying the product, on window stickers, on billboard advertisements, on promotional goods such as pocket diaries, coffee mugs, coasters, doormats, or any other application.
- Use of the mark must not in any way be misleading in terms of certification.
- In the case of suspension or termination of the contract, the use of the mark is cancelled in all advertising materials containing reference to the certificate.

- In the case of a reduction in scope, the client is required to correct all of the materials that indicate the certificate.
- Mark must not be used for activities that are outside the scope of certification/verification.
- Mark must not be used in a way that could lead to a situation of loss of reputation or public trust.

THE INTERNATIONAL BUSINESS CERTIFICATION office is obliged to respond to questions about the use of the mark.
